## ENTERPRISE FUNDS

The City maintains one type of proprietary fund. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide statements. The City uses enterprise funds to account for its water and sewer activities and storm water operations.

**Water and Sewer Fund** - To account for the provision of water and sewer services to the residents of the City and surrounding areas. All activities necessary to provide such services are accounted for in this fund, including, but not limited to administration, operating, maintenance, financing, related debt service, construction, billing and collections.

**Storm Water Fund** - To account for the services to safely collect, convey, detain, treat and dispose of stormwater. All activities necessary to provide such services are accounted for in this fund, including, but not limited to administration, operating, maintenance, financing, related debt service, construction billing and collections.
